TYPES OF SCHOLARSHIPS:

University Scholarships:

Merit-Based Scholarships- financial assistance based on your achievements and skills, while need-based aid is based on your financial circumstances.

Need-Based Scholarships- Provided to students who require or needs financial assistance to pursue their studies.

Athletic Scholarships- financial aid to attend a university awarded to an individual based predominantly on his or her ability to play a sport and are part of the university's athletic teams.

Talent-Based Scholarships- For students who showcase exceptional skills in arts, music, or other talents.

Government Scholarships:

CHED Scholarships- Offered by the Commission on Higher Education, these include the State Scholarship Program (Full Scholarship) and the Private Education Student Financial Assistance (PESFA).

DOST Scholarships- Provided by the Department of Science and Technology-Science Education Institute for students pursuing science and technology courses.

Local Government Scholarships:

Provincial and City/Municipal Scholarships- Offered by local government units to support residents in their educational pursuits.

ito yung process kapag approved na Orientation or Information Session:

The scholarship provider might conduct an orientation session to explain the scholarship terms, expectations, and benefits. This session can be in-person or online.

Disbursement of Funds:

The scholarship funds are disbursed according to the scholarship's terms. This may include:

Direct payment to the educational institution for tuition and fees.

Stipends or allowances for books, supplies, and living expenses, which may be paid directly to the student or through the institution.

Renewal Process:

For multi-year scholarships, students may need to undergo a renewal process each academic year, which could involve:

Reapplying or submitting a renewal application.

Providing updated academic records and other necessary documentation.

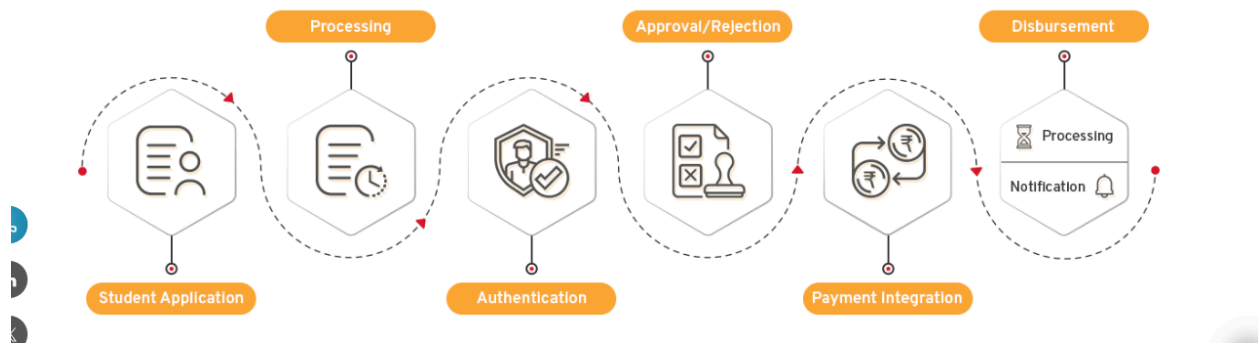

Demonstrating continued eligibility and adherence to scholarship terms.

Completion and Evaluation:

At the end of the scholarship period, the student may need to complete certain requirements, such as:

Submitting a final report or evaluation detailing their academic and personal achievements during the scholarship period.

Participating in exit interviews or surveys to provide feedback on the scholarship program.

1. Student Application

Process:

Announcement: The scholarship program is advertised through various channels such as websites, social media, and educational institutions.

Application Form: Students fill out an application form. This form typically includes personal details, academic records, extracurricular activities, and other relevant information.

Document Submission: Students are required to submit supporting documents such as transcripts, recommendation letters, personal statements, and proof of identity.

2. Processing

Process:

Initial Review: Applications are reviewed for completeness and adherence to eligibility criteria.

Database Entry: All application details are entered into a database for tracking and further processing.

Preliminary Screening: Applications that do not meet the basic eligibility requirements are filtered out.

3. Authentication

Process:

Verification of Documents: Submitted documents are authenticated to ensure their validity. This can involve checking with issuing institutions or using verification services.

Background Checks: Additional checks may be conducted to verify the authenticity of the applicant's information.

4. Interview

Process:

Scheduling: Shortlisted candidates are scheduled for interviews.

Interview Panel: A panel of judges or scholarship committee members conducts the interviews.

Evaluation: During the interview, candidates are assessed on various criteria such as communication skills, motivation, goals, and fit for the scholarship program.

Objective: To gain deeper insights into the candidates and assess qualities that may not be evident from the application form alone.

5. Approval/Rejection

Process:

Final Evaluation: All data from applications, documents, and interviews are compiled and reviewed.

Selection Committee: The scholarship selection committee makes the final decision based on predefined criteria.

Notification: Successful candidates are notified of their approval, and unsuccessful candidates are informed of their rejection.

6. Payment Integration

Process:

Acceptance Confirmation: Approved candidates must confirm their acceptance of the scholarship.

Bank Details: Candidates provide their bank details or set up a payment method.

Payment Gateway Integration: The scholarship system integrates with a payment gateway to handle fund transfers securely.

Security Measures: Ensure all payment transactions are secure and comply with financial regulations.

7. Disbursement

Process:

Tuition Payment: Funds for tuition and fees are typically transferred directly to the educational institution.

Stipends and Allowances: Additional funds for books, supplies, and living expenses may be disbursed directly to the student's bank account.

Scheduled Payments: Disbursements are made according to the scholarship's terms, which might include lump-sum payments or periodic installments.

Monitoring: Ongoing monitoring to ensure funds are used appropriately and recipients continue to meet scholarship requirements.

Gumatas

Ano ang dapat na module ang nakalagay sa super admin and scholarship coordinator?

* Super admin

- User management > ito yung para sa pag manage ng user acc at permissions
- Communication > pagpapadala ito ng mga important announcement at updates
- Payment processing > process ng scholarship disbursements at pagmonitor ng financial transactions
- Data Security & Access control > pagmanage ng fata security measures at access control para sa protection ng sensitive info
- Integration & API > pagintegrate ng iba't ibang systems at pagutilize ng API para sa seamless data exchange at functionalities
- Scholarship configuratin > ito yung pagset up ng mga scholarship programs, criteria, at timelines

* Scholarship Coordinator

- Scholar Management > pag manage ng mga scholarship applications at disbursement ng scholarship
- Applicant Tracking > pag monitor ng progress bawat sa applicants para sa application process
- Event Management > para sa pagorganize rin ng mga scholarship related events tulad ng ano ng orientations at awarding ceremonies
- Document management > pagorganize and pag access ng mga importantend documents tulad ng application at requirements ng scholars
- Scholar support & monitoring > para to sa pagprovide ng support and pagmonitor na rin sa academic progress ng mga beneficiaries
- Communication & Notifications > pagpadala to ng updates, reminders, and announcements sa mga applicants and scholars
- Scholarship screening and selection > pagpili ng mga qualified na applicants according sa criteria ng scholarship

Possible requirements sa scholarship

- * TOR/ report cards, or grades from previous academic years
- * Certificate of good moral character
- * Valid ID
- * medical certificate
- * voter's certificate of registered parent or guardian/ voter's certificate of applicant (18 years old above)
- * Philippines Statistics Authority (PSA) Certified Birth Certificate
- * Barangay certificate of indigency

Anong API ang pwede gamitin sa scholarship para ma-link sa existing software?

- Database > mysql
- Google sheets > pwede rin to gamitin para magsync yung data from scholarship papunta sa google sheets
- Payment gateway (payment processing) > paypal, paymaya, gcash
- Analytics > monitoring at analysis ng data, ex. google analytics, mixpanel api

Gervacio

Proper flow of scholarship program base on my research - Gervacio

Effective promotional strategy:

- Scholarship programs are announced and advertised through social media, tv, radio, etc, or sa mismong school sya ina - announced para maging aware yung mga students na may ganitong program.

During the promotion may caption na nag papaliwanag sa buong details ng scholarship program and also link para makapag browse si applicants kung ano pa yung ibang mga important details para maka Sali scholarship program.

Proper application guideline:

A clear guideline on how to apply for the scholarship should be there on the website. A check list showing all documents needed from students in application form is also important. You can either provide it in PDF format. This will help students to know all about application fields and give familiarity from the beginning till end.

Application Submission:

Applicants submit their applications along with the required documents. This can be done online or via mail, depending on the scholarship provider's requirements.

Need of enough time for students to apply:

Kadalasan tumatagal lang Ang application ng Isang scholarship program ng Isang buwan o dalawa. Depende sa Dami ng slot na ibibigay nung mga sangay like ng CHED. Kailangan sya kasi, as you can see Hindi ganun ka bilis Yung internet connection sa pilinas so possible Yung mga provinces na hirap sa connection, late nilang malalaman or late Silang nakakapag apply don sa program so dapat Merong effective promoting na mangyayari and enough time para lahat ng mga students na kailangan ng cash assistance.

Initial Screening:

Applications are reviewed to ensure they meet the eligibility criteria. Dito na pumasok Yung pending, rejected or approved Ang Isang applicant.

Interviews or Additional Evaluations (if applicable):

Ang interview sa scholarship ay mahalagang bahagi dahil nais ng mga sangay or nung mga magbibigay nito na mas makilala Yung mga applicants. Sa pamamagitan kasi ng interview, malalaman nila kung Tama lahat ng binigay mong information or sinabmit na mga documents, malalaman din nila kung deserving kabang bigyan ng cash assistance, kung Wala ka ba talagang kakayahang pag aralin ng mga magulang mo or kapos talaga Yung pamilya nyo. Malalaman din nila dito kung may potential ka ba para don sa scholarship program and applicable ba sayo.

Assessment and Shortlisting:

Dito malalaman mo kung isa ka sa mga nakapasa since lahat ng scholarship program nag lalabas ng list for candidates na pasok sa program.

Notification of Results:

Successful applicants are notified about their selection. Unsuccessful applicants may also be informed. Kadalasan nandito na din Yung details kung kailan, saan at anong oras gaganapin Yung pag kuha ng cash assistance.

Acceptance and Agreement:

Selected candidates accept the scholarship offer and may be required to sign an agreement outlining the terms and conditions of the scholarship.

Distribution of funds:

Makukuha na Yung cash assistance.

Monitoring and Reporting:

Recipients may be required to submit periodic reports on their academic progress and use of scholarship funds. The scholarship provider monitors the recipients to ensure compliance with the scholarship terms.

Completion and Feedback:

After ng lahat kailangan mag bigay ng feedback ng mga recipients, para kung sakaling may Mali. Mabago or magkaroon ng awareness yung mga nagbibigay ng scholarship.

Ang iisip ko at base dun sa mga nasearch pagkatapos ng approval

1. may announcement sa pagc'conduct ng zoom meeting orientation or ftf orientation like nung kay gov or online interview(ipapasok natin dito yung API ZOOM software)
2. next naman ay announcement about na sa pagbibigay na ng scholarship cash or ecash monthly or one time(same process parin sa pag announce 1 and 2) possible lang pumasok dito yung (API GCASH or bank account)
